RAFFLE WINNERS from SEPTEMBER Meeting— none, we had the auction.

Well done to all who went home with a new plant or item from the auction

A big thank you to those who bring in items for the monthly meeting raffle or our 2 auctions each year—greatly appreciated. :)

MEMBERSHIP IS NOW DUE FOR 2018/2019—you need to be financial by the A.G.M. in October or no more news-letters.

FROM THE EDITOR.

Thank you to those who have sent in photos of their growing areas. We need more members to send them in, to be put in our newsletter—**orchid crawling by proxy**. Have you seen ideas you can use in these pics? I did.

We now have a few people with their wish plants on the **“Wish List”**. Is there a particular orchid you are after? - then ask for it to be added—you might get lucky.

Christmas Party is not far off—details will be given soon.

2019 will see two events close by.

- 1] A **workshop** to be held at **Batemans Bay** in **March**, with speakers and orchids from top nurseries for sale.
- 2] **South West Conference & Orchid Show** to be held at **Moruya**, in **October**. Orchids will be on sale. :) A.M.

SEPTEMBER 2018

NEXT MEETING: 8 th October, 2018

This month is the **A.G.M.** & also the presentation of the **Spring Show** trophies. See you there.

CWA Hall 57 Wason Street, Milton NSW

Plants to be benched from 1pm, once all is set up, and before 1.30 pm.

GROW COMPETITION.

“Grow Comp. “plants - Sarco. Kulnura Kaliedescope ‘Frangipan’ x Roberta ‘Good Yellow’ , & Den. Superstar ‘Bright’ [2017 comp. plant], should be brought along each month. There will be small squares of paper for you to write your name on [place it under your plant, name down]. The table behind the President’s seat is the spot to leave them. They will be judged and points given 1st— 3. 2nd— 2. 3rd— 1. These points are added to your points for monthly benching. Competition continues until one is brought in flowering. Bring them to the September meeting. We are hoping to see one in flower at our next meeting.

Good growing all. :)

Mary Glading—Laelia anceps 'alba'

Liz Karacsonyi— Dock. Aust. Ginger

—FOR SALE—

Speciosums for sale—contact
Michelle McIntosh.

SPRING 2018 SHOW

Well, what a Spring Show. From thinking that plant numbers would be down and profits also would be down, an incredible 240 plants were benched, which I am told is a record, and a very decent profit was made. Rod will outline financial details in his Report.

When members were asked, you stood up and helped out, filling the gaps of those members who normally help out and were unavailable for various reasons. Thank you.

A very big thank you to those members who worked over the three days, from setting up on Friday, to packing up on Sunday, a job well done.

This show, with its one long bench of Dendrobium Speciosums and, one long bench of Hybrids, was a display to behold.

I would like to thank the members and visiting members from other Societies and Clubs, who benched plants, 25 exhibitors overall.

Congratulations to the Championship Winners, especially Elizabeth and Tony Karacsonyi, who took out the Champion of the Show and the Reserve Champion of the Show.

Congratulations to the Novice Champion, Helen Douglas, who exhibited only for the second time.

Congratulations to all winners and runners up, in each class.

An excellent Show and an excellent result.

Bruce McIntosh,

President

GROW COMP. WINNERS:

Sarc

1st Liz Cleaver & Tony Groube 2nd Rhonda Spry
 3rd Helen Thompson

Dendrobium.

1st Liz Cleaver & Tony Groube 2nd Doreen Cambourn.

NOVICE CORNER BY A.M. & J.C.

All novices need help.

Our questions need answers and we learn by doing, seeing, hearing and picking the brains of experience growers.

If you have a question—send it to the editor and we will try to find the answer for you.

Micronutrients—your orchids need these to be healthy.

Found this chart while looking for information on plant mineral deficiencies.

Now you too can read, look and worry like I am. So, yes, you do need to fertilise and with one or more that will cover all the minerals, etc—your orchid needs.

GROW *Orchids*

TIPS FOR BEGINNERS

Deficiency Chart of Micronutrients

Boron: Discoloration of leaf buds. Breaking and dropping of buds

Calcium: Plant dark green. Tender leaves pale. Drying starts from the tips. Eventually leaf buds die.

Sulphur: Leaves light green. Veins pale green. No spots.

Iron: Leaves pale. No spots. Major veins green.

Manganese: Leaves pale in color. Veins and venules dark green and reticulated

Copper: Pale pink between the veins. Wilt and drop.

Zinc: Leaves pale, narrow and short. Veins dark green. Dark spots on leaves and edges.

Molybdenum: Leaves light green/ lemon yellow/orange. Spots on whole leaf except veins. Sticky secretions from under the leaf.

Magnesium: Paleness from leaf edges. No spots. Edges have cup shaped folds. Leaves die and drop in extreme deficiency.

Potassium: Small spots on the tips, edges of pale leaves. Spots turn rusty. Folds at tips.

Phosphorus: Plant short and dark green. In extreme deficiencies turn brown or black. Bronze colour under the leaf.

Nitrogen: Stunted growth. Extremely pale color. Upright leaves with light green/yellowish. Appear burnt in extreme deficiency.

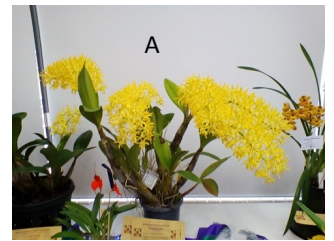

THE COLOUR REPRESENTED ARE INDICATIVE.
THEY MAY VARY FROM PLANT TO PLANT

- 4] Fixing Fees and Subscriptions.
- 5] The appointment of a member to Audit the Club's Accounts for 2018/2019
- 6] Election of Office Bearers.

Bruce McIntosh

President.

Spring Show 2018 so much to see, watch and buy. ->

Novice section was very well represented— a wide variety too.

Orchids came from Tuross Heads to up near Nowra.

<- The President cooks a great breakfast.
:) [yummy] :)

Welcome to our virtual orchid crawl.

Each month we will show you some of our members' orchid growing areas, plus some pictures of special guests' orchid growing areas.

From John Clancy [Open] - well braced door, extra winter covers.

Mitch [very experienced], our friendly, potting demonstration expert, has many interesting orchid growing areas. Barbed wire strung between trees for cymbidiums—great air flow. Marque[reinforced] for

a multitude of orchids. An orchid house can have more than 4 sides—he made one to fit the space and shape of land available. :)

Spring Show 2018—a few photos.

Great turn out of orchids in both sections.

We had many enthusiastic, willing workers—selling tickets, greeting visitors, making posies plus many other occupations. :)

Mitch was there on Saturday doing many, informative potting demonstrations. :)

Premium Hunter Valley table wines.

Whites - Semillon, Chardonnay, Verdelho, Quartet (blend of 4 dry whites).
Reds – Merlot, Shiraz, Cabernet Sauvignon, Petit Vardot, Cabernet/Shiraz blend.
Only \$108 per case/dozen + freight.

Order through Rod – 4456 4352

Get Well Wishes to any club member that is unwell.

Disclaimer:
The Milton-Ulladulla Orchid Society Inc., is not responsible for any information given by a member, visiting speaker or material printed in the Club's Newsletter. 2018

The committee would like to thank those generous members that provide the goodies for afternoon tea and also the members who bring in plants etc. for our monthly raffles. Also we thank the people who help set up and clean up the hall as with many hands it doesn't take very long.

-REMEMBER -
Please do not water your plants before benching them, at our meetings or shows, as it makes quite a mess. Thank you. :)
