Pre Winter Show display at Bunnings. Well done, members.

FROM THE PRESIDENTS DESK:

G'day Everyone

Despite being a long weekend, our last meeting was well attended including 5 guests, which was excellent. Many members travelling on the Princes Highway amongst the holiday traffic are to be commended for their dedication.

A big thank you to **Les Gosewinckel** for giving us so many plants over many years for the raffle table. For his service to MUOS he was made an Honorary Member. Well done Les.

At our last meeting we were privileged to have **Jane Wright** from Canberra to talk to us on Paphs, and what a great presentation it was. There were some plants for sale too, which members purchased until it was just about sold out. Good luck with your new Paphs. Just follow Jane's growing tips and you will succeed,

Many thanks to the members who contributed plants for the Bunnings display, and to those who gave up their time to promote the Winter show and talk to Bunnings' customers.

With the Winter Show coming up this next weekend at time of writing, I hope everyone is busy preparing plants for benching. Remember this is **your** show, it's a time to show the public what we do, and what beautiful orchids come from that effort. Please come in and see what your fellow growers can do, and if possible, give us a hand to make it a wonderful weekend show, and not leave it to a few. A lot of work goes into organising a show for the benefit of both you our **members** and the public. If we can attract a good turn up from the public, it can an effective fundraiser, the funds of which in turn, goes back to you in one form or another.

Finally, it is with great sadness that I have just been informed that our long time Life Member **Tony Groube** passed away on Friday. We send our condolences to **Liz Cleaver** and all the family. **Tony** had been a member of our Society for many years, as well as a long time President of Eurobodalla Orchid Society. Tony was well versed in orchid growing so much so he was our Show Marshal at many of our shows over the years and gave of his time to our Society's activities over the years. Tony was awarded the two highest awards from our Club and became a Life Member in 2021. We will miss him.

See you all at the Show

Rod

VALE TONY GROUBE

Tony Groube was an orchid grower and knew so much about his hobby. He was always willing to help a novice and have a friendly chat with anyone about orchids.

His determination to see the name tag correctly written was legendary and he knew his "stuff".

Tony was one of the first orchid people I met and he made for a great friend and mentor. Although I still struggle, with my orchids, what I do, I do right, because of his guidance, with Liz Cleaver standing there beside him, gently adding her knowledge.

I am sure many people have learnt from Tony in the past and will remember him with fond memories.

His cheeky grin and snappy sense of humour, made his presence felt during discussions.

He was a giving member, helping at shows, benching prolifically and speaking at meetings on his hobby. Tony, with Liz, deservedly won many championships and end of Year Awards.

Tony received Life Membership and the Meritorious Award at the Milton Ulladulla Orchid Society, plus at other South Coast orchid clubs.

Missed but not forgotten, in our hearts and minds. [Anne-Marie]

He will be farewelled on Wednesday, 6th July , 11 am, at the Broulee Crematorium.

Members attending, are asked to wear club uniform and badges, if possible.

Paphs. For beginners.

June meeting speaker, **Jane Wright**, talked to us about **Paphiopedilums for beginners**.

These “slippers” have always been just a little bit too hard, but after her talk, I felt I was better able to look after them [I hope].

She pointed out the parentage of the modern slippers and how the crosses were developed. Her slide show, gave us visual representation of the results of putting specific orchids together to develop certain aspects—such as shape, size, colouration, markings and curvature.

<- Paph. villosum crossed with
Paph. spicerianum —>
gives Paph. lathamianum

Each parent gives some of its “looks” to the child.

This 1st generation cross has gone on to influence present day paphs.

Jane then went onto give us a wide range of paph. types. She also spoke about what a judge looks for in paphs—on the bench.

What is a good Maudiae paph. from the judging point of view?

Petals— even, without furling, held symmetrically to produce a balanced effect when viewed from any angle.

Dorsal—large, wide and flat, free of furling and twisting.

Lip—held vertically, in proportion to the rest of the flower and not projecting forward excessively.

Colour—clear and even.

Stems—long and straight.

To ensure your flower looks its best - 1] once a bud has initiated, turn the plant around to face the light and don't move it. 2] when the bud is close to opening, tip the pot forward slightly, so that once the flower has opened and set, it will face slightly upwards when the pot is flat [the flower will look at you, not downwards]. 3] if staking is needed, stake below [not on] the ovary.

Good reasons to grow them— plants are relatively small, leaves can be beautiful [especially Maudiae paphs], the flowers are very long lasting [up to 3 months] and good subjects for growing in the home.

It has been a sad time lately with the loss of

Annette Stubbs

—wife of Peter Stubbs [a frequent judge at our shows and Annette often travelled with him].

Tony Groube

- long time member, life member and often show marshal for MUOS shows.

Our condolences go out to their partners, families and friends.

THANK YOU

I am currently looking for cheap or free fruit trees, vegetable and herb seedlings and cuttings—anything that produces edible products.

I am starting a garden plot, at my bush fire destroyed block of land, at Moruya.

I would appreciate your gifts or cheap items.

Thank you A.M.

to any club member recovering from treatment, surgery or sickness . :)

Thank you to all who help at the Winter Show.

The committee would like to thank those generous members that provide the goodies for afternoon tea and also the members who bring in plants etc. for our monthly raffles. Also we thank the people who help set up and clean up the hall as with many hands it doesn't take very long.

-REMEMBER -

Please do not water your plants before benching them, at our meetings or shows, as it makes quite a mess. Thank you. :)
