### MESSAGES:

1] This **November meeting** combines our ANYTHING ORCHID AUCTION and our general meeting.

2] Please bring in your grow plant—it is the one that novices received earlier in the year.

Any Intermediate or Open grower , who bought one, can also bring it in.

**3] Information about the Christmas Party and Presentation is in this newsletter. [ President's report.]**

4]Bringing in supper and / raffle items is always greatly appreciated. Thank you to those who usually do. Raffle items do not have to be plants.

Covid is still active. Masks are an option. If unwell please stay home and feel better soon. :) A.M

\*\*\*\*\*

**##### If you are selling at the auction please send Keith Moody [ our treasurer], your banking details.**

**His email address is**

**He needs FULL NAME, Bank account number and bank BSB. #####**

\*\*\*\*\*

More Spring Show winners.

### OCTOBER 2023

#### NEXT MEETING:

**Monday, 13th November 2023 - At this meeting is our ANYTHING ORCHID AUCTION :)**

**WHERE:- Civic Centre Ulladulla [ main street].**  
There is parking available around the back. :)

\*\*\*\*\*

### October Raffle Winners

There was no raffle, as it was our AGM, Native Show and October meeting.

A special thank you to those who donate to our raffle. A.M. :)

\*\*\*\*\*

## FROM THE PRESIDENT'S DESK:

Hi there everyone.

As we head towards the end of another year, and our last regular meeting for 2023, on reflection I think we can be satisfied that the last 12 months have been pretty good for MUOS and its members.

Our next meeting in November we will have our 'Anything Orchid Auction'. This event is always good fun, and a good opportunity to pick up some cheap plants. If you are selling plants, please remember to place an additional tag with your member number, and reserve price if applicable, in clear lettering. As mentioned at the last meeting, payment for your sales will be credited to your nominated bank account if we do not have enough cash. Quite properly, those bank account details will be secure, in the hands of the Treasurer only. In any case it is impossible to operate on your account, except to deposit funds, A form, to send to the Treasurer, with those details, is elsewhere in this newsletter.

The October meeting and AGM went smoothly, followed by our Internal Native Show. We were fortunate to have Jane Wright as our judge, and some of the surprises that ensued. Many thanks to all members who benched their lovely plants, it was an excellent presentation. Those lucky enough to win a place, your certificates will be presented at the next meeting.

The Christmas party on 11<sup>th</sup> December will wind up the year. Total cost is \$50.60 per head for the two courses. Cost per member is only \$25, so please pay this amount to the Treasurer, either direct to MUOS bank account, (refer to those details in this newsletter and please include your name), or at the November meeting. The Christmas party is always a happy event, with great prizes for the raffle, so please come and join in the fun.

I have started to put together a programme for 2024, if any member would like to suggest any event, please let me know. Please don't be shy!!

I look forward to seeing you all on November 13<sup>th</sup>.

Rod

Grand Champion

FERN

2023 NATIVE SHOW WINNERS.

Jane Wright's talk on

## ORCHID PESTS & DISEASES

General principles of pest and disease control.

### 1] CULTURAL CONTROLS

- stressed plants are weak plants.
- Good culture makes strong plants— humidity, air movement, temperature, light, water
- Maintaining conditions that are good for the plants and bad for the pests

### 2] OTHER NON CHEMICAL CONTROLS

- methods that do not use classical chemical pesticides
- Rely on an understanding of pest biology
- Examples—food baits for snails, manually cleaning scale insects off the plants and maintaining higher humidity to discourage mites.

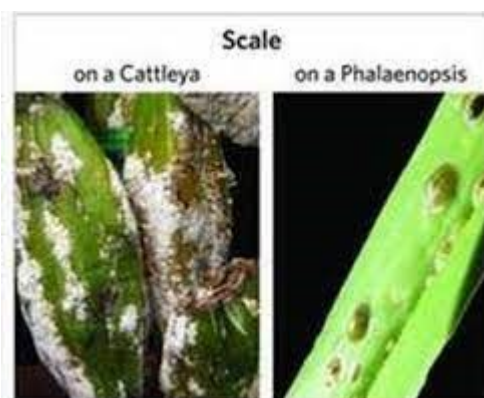

### 3] CHEMICAL CONTROL [ not mutually exclusive]

- contact poisons—must contact the pest
- Stomach poisons—must be ingested
- Systemic poisons—move through the plant and are ingested
- Fumigants—gasses that enter through the insect's airways

#### CHEMICAL CONTROL

- SAFETY FIRST !!!!! - long sleeved shirt, rubber gloves and shoes.
- Not in windy conditions or hot sun.
- Check out the APVMA Pub Cris data base on their website for full information on pesticides. [WWW.APVMA.gov.au](http://WWW.APVMA.gov.au)
- Read the labels and follow the directions carefully.

PART 2 in next  
newsletter.

**PAGE 6**

 Luke Forster - Manager

**The committee** would like to thank those generous members that provide the goodies for afternoon tea and also the members who bring in plants etc. for our monthly raffles. Also we thank the people who help set up and clean up the hall as with many hands it doesn't take very long.

**-REMEMBER -**  
 Please do not water your plants before benching them, at our meetings or shows, as it makes quite a mess. Thank you. :)
